CLA735

XLR female - 2 x XLR male

Highlights:

- 28 AWG thin and dense stranded conductors
- Flexible PVC jacket
- Spiral shielding
- 5.0 mm (Ø) outer diameter
- Oxygen free copper

Product information:

The CLA735 is fitted with two 3-pin XLR male connectors and one 3-pin female XLR connector, the link is constructed using the SIG155 cable. The easy to handle PVC jacket is excellent for fixed indoor and mobile applications. The inner conductors are fitted with a durable shielding. This gives an excellent protection against interference of all kinds such as electromagnetic fields produced by dimmers, electric motors or power cables. The SIG series cables are “all-round” signal cables which are suited for all kinds of applications where reliable signal transmission is needed. Available in a length of 1.5 meters.
