

## ELV-400PRO

**SKU:** H9996

Self-braking winch stand with 3 sections
Manufactured to ISO DIN 4113 and TÜV standards.

Professional stand approved for safe use thanks to its double locking system with knob and locking pin on all telescopic parts.
Its tripod, stiffened thanks to the double crosspieces, has a telescopic leg for leveling for use on all types of surfaces.

The sliding cart with double lock allows the tripod to be folded on itself for easy transport.
The elimination of play in the masts is ensured by ergonomic clamping knobs located at each link.

**Load: 80 kg**
**Height : 4 m**
