

A6 ULTRA Natural SG Left-Handed

sku: 036752

The A6 Ultra continues with the innovative concepts found in all Godin A-series guitars, such as combining an amazing plugged-in acoustic sound with the feel of an electric neck, along with a chambered body design that virtually eliminates feedback in live & loud settings. These features stand true and better than ever in the A6 Ultra with the added "Oomph!" and full tone of a Godin humbucker in the neck position. In addition, the under-saddle transducer and dual outputs (acoustic and electric) combine for a huge sound with the help of a Custom Godin preamp, which is voiced specifically for the A6 Ultra. This preamp section enables the player to control their tone via sliders for acoustic volume, treble, mid, bass EQ, and independent controls for the electric humbucker volume, treble, and bass. Whether plugging into the single acoustic mix or via both outputs, controlling your tone is at your fingertips. And, the A6 Ultra delivers in all styles of music: from jazz to rock to country, not to mention that it is also a great slide guitar for blues.

Body : Two-Chambered Silver Leaf Maple with Canadian Laurentian Basswood Wings

Orientation : Left

Top : Solid Cedar Top

Neck : Mahogany

Fingerboard : Richlite

Fingerboard Radius : 16" (406.4 mm)

Scale Length : 25.5" (647.7 mm)
