

## Multiac Nylon Deluxe

sku: 050925

Our flagship, the Godin Multiac, has proven to be the most popular and successful Godin guitar for decades. Now, this modern nylon string guitar is back, better than ever in a new and updated version: the Godin Multiac Nylon Deluxe. We took everything that made our Multiac unique, and incorporated a new LR Baggs preamp, custom-designed to our specifications. This innovative system has two sound sources that can be combined: six individual HEX pickups, and a Lyric mic. The Multiac Nylon Deluxe preamp is a technical marvel that compliments the guitar's natural acoustic capabilities, providing excellent tone and volume control via a three-band EQ, master Volume slider, Phase switch, Saturation slider, and a Lyric mic volume slider. However, it is the Lyric pickup at the heart of the Multiac Nylon Deluxe that will make players love this guitar for flamenco, or any expressive, percussive style of music. Thanks to its optimal placement under the soundboard, the Lyric will capture both the natural sound of the guitar, and every rhythmic beat on the soundboard, allowing the musician to bring out all the subtleties of their right-hand's percussive technique. The six individual sensors mounted in the bridge, pick up the sound and vibration of each string -- providing a clear, defined, and dynamic sound from any playing position on the neck. The capability to mix these two sound sources --and correct them with the custom preamp --makes the Multiac Nylon Deluxe an extremely versatile guitar, that both guitarists and audiences will appreciate, in any music venue. The solid chambered mahogany body design allows for feedback-free use in both the studio and on stage. A spruce top, mahogany neck, and Richlite fingerboard and bridge, complete this impressive guitar that will inspire -- from the first notes played.

**Body :** Two-Chambered Mahogany

**Dutify Country of Origin :** CA

**Dutify HS Code :** 9207.90.0040

**Orientation :** Right

**dutify\_hs\_code\_country :** US

**Top :** Solid Spruce Top

**Neck :** Mahogany

**Fingerboard :** Richlite

**Fingerboard Radius :** 16" (406.4 mm)

**Scale Length :** 25.5" (647.7 mm)

**Nut Width :** 1.9" (48.26 mm)
